## Holidays Home Work (2022-23)

### Class III

Dear Parents,

Summer Holidays Homework is an initiative on our part to inculcate innovativeness, creativity and interest in the tasks assigned to students. It will not only enable them to recapitulate what was taught but will also help them to connect themselves to the various learning processes.

We would also like to tell you some points that would help you in your child's development and you would be able to understand your child better.

1. Take your child along to the market to buy things and while buying the things teach him/her the measurements such as how to add, subtract or multiply. Also tell him/her about the vegetables that are grown on or underground.
2. While walking on the road, give them the information about four directions and also the traffic rules that they should follow while walking or crossing the road.
3. Teach your child to use waste materials to make new things such as toys and other useful materials from used newspapers.
4. You can also teach your children to prepare new dishes during summer vacation.
5. The whole family should have dinner together but avoid watching TV or using mobile at that time.
6. Spend quality time with your children at the dining table, talking to each other and sharing your views.
7. Ask your child to plant a sapling and also show him how to take care of that sapling to help it grow into a healthy plant.
8. Please ensure that your children carry on with the Mindfulness activities daily that they have been taught in the school.
9. Share with your child some interesting events of your life and also make them a part of interesting discussions that are going on in your family.
10. Assign a permanent workplace and a work time. This brings discipline in their life.
11. Induce good manners – 4 magic words “Please, Thank you, Excuse me, Sorry” – Use them and see the difference.
12. Give your child weekend tasks like, “clean your shoe rack”, “Set your books in your shelf and study table after sorting”, “Wash your own plates after meals” etc.
